Join the most versatile and dynamic field of engineering.

MECHANICAL ENGINEERING
Washington State University—Olympic College in Bremerton

Get your bachelor’s degree in mechanical engineering—closer to home

Mechanical engineers are in high demand. Businesses throughout the greater Puget Sound area—including the Puget Sound Naval Shipyards and associated facilities in Bremerton—are actively seeking engineers.

WSU gives you the scientific and technical foundation you need to be a mechanical engineer in virtually any industry. Students often have several job offers to choose from when they graduate.

Mechanical engineering at Olympic College in Bremerton is a two-year, full-time, daytime bachelor’s degree completion program for transfer students. Most courses are taught in person by WSU faculty in Bremerton, and additional courses are taught via interactive video from WSU Pullman or online through the University’s nationally ranked Global Campus program.

MECHANICAL ENGINEERING
WSU ME at Olympic College in Bremerton

You can fulfill the University’s general education and pre-engineering requirements at any college and complete your degree through WSU’s Mechanical Engineering program, located on the Olympic College campus in Bremerton.

While it isn’t required for admission, we recommend pursuing a transfer degree if possible.

The associate of science track 2 (AST-2) degree is well suited for pre-engineering study, as it includes the majority of WSU general education (UCORE) requirements and allows room for the engineering prerequisites.

Pre-engineering requirements
To qualify for admission to the WSU mechanical engineering program at Olympic College in Bremerton, you’ll need to meet the following prerequisites.

A minimum cumulative GPA of 2.5 (for all college coursework taken)

A grade of C (2.0 on a 4 point grade system) in each of the following courses:

- Calculus I
- Calculus II
- Calculus III
- Chemistry I
- Chemistry II
- Engineering Physics I
- Engineering Physics II
- Statics

In good standing to complete equivalents to the following courses before fall semester:

- Calculus IV
- Linear Algebra
- Differential Equations
- Engineering Physics III
- Mechanics of Materials
- Dynamics
- Applied Numerical Methods *
- English Composition

* Or equivalent computer programming course in MatLab, C++, or Java

If you have any questions about equivalent courses at your current college or about how long it might take you to finish your degree at WSU, contact our academic coordinator—we can help you work out a personalized transfer plan.
